

# Materials List and Preparation

## Holly Ridge Professional Development Day

### Contents

Your workshop kit contains the following items:

- Two 6" square artist tiles
- One small bubble wand
- One blank thank you note and envelope

You will also need to have the following items on hand:

- No. 2 pencil
- Fine or ultra-fine black ink pen (for example, Micron or Sharpie)
- Your cell phone or access to a photo gallery on your laptop or other device
- Writing paper (1-2 sheets)

Have these materials handy for use during the workshop.

The online agenda for Oct. 19 may be accessed at: <http://bit.ly/SchoolAgendas> (case sensitive). Click the Holly Ridge Center link.

One activity we will do is to draw a simple Zentangle. There is a handout explaining how this is done. You will be using the handout during the workshop. You are welcome to print it out ahead of time or just use it online when we do that activity.

To access the Zentangles handout, go to the School Agendas page (link provided above), click on the Holly Ridge Center link and scroll down to the section called Activities for today. Click 'Zentangles.'

It may be tempting to give drawing a Zentangle a try before the workshop, but please wait so we can all do it together. Thanks!
